

Cambia Health Solutions Corporate Facts

About Cambia Health Solutions

Cambia Health Solutions, headquartered in Portland, Oregon, is dedicated to transforming health care. We put people at the heart of everything we do as we work to make the health care system better and more economically sustainable for people and their families. Our company reaches more than 70 million Americans nationwide, including more than two million people in the Pacific Northwest who are enrolled in our regional health plans.

Key Facts:

Headquarters:

Portland, OR, USA

- The company's roots go back 100 years, when health insurance was born in the logging camps and timber mills of the Pacific Northwest on the premise of "neighbor helping neighbor."
- Over 10 years ago, Cambia refocused its efforts on being a catalyst for change in the health care system.
- Today Cambia Health Solutions is a group of 20+ companies and people working to make health care more person-focused and economically sustainable.
- The company is a tax-paying, nonprofit with nearly 5,000 employees in 30 states.
- The company is nationally recognized:
 - Healthiest 100 Workplaces in America
 - Top Digital Health Investors
 - Most Trustworthy Corporate Investors

Our Health Plan Roots

The company's roots go back 100 years to 1917. Loggers and their families pooled funds to help each other with medical needs that arose due to injury or illness, giving birth to health insurance.

Leading the Way

Today, Cambia has taken its legacy business and pivoted to meet the needs of today's health care consumers – through our numerous companies, investments and the Cambia Health Foundation.

Harnessing the power of entrepreneurship, the company has delivered many first-to-market solutions including: bringing transparency to 70 million consumers in 50 states (HealthSparq); providing online transparency tools and reviews to find the most effective medication at the lowest cost (MedSavvy); using strategic philanthropy to lean into palliative care and improve the experience of individuals with serious illness (Cambia Health Foundation); and opening an innovation center in Seattle for the regional health care community to connect with like-minded innovators and solve problems (Cambia Grove).

Finally, Cambia has six health plans in four states, providing insurance to more than two million people with best-in-class member satisfaction as measured by Forrester CXi. Through bold thinking and innovative technology, Cambia is delivering solutions that make quality health care more available, affordable and personally relevant for everyone.
